ALLERGIES

Tell us when you sit down rather than when the plate arrives. Almost everything here can be adjusted, but not once it is over the fire. We cook with nuts, shellfish, gluten and dairy in one small kitchen and cannot promise the absence of traces.

SERVICE

Prices include service and all taxes. Nothing discretionary is added to your bill. If something was not right, say so before you pay and we will take it off.

SEASON

This menu is set on the day it is printed. Where a dish depends on the boats or on the first pressing of the oil, it may be withdrawn without notice, which is rather the point.
